

# TAKE YOUR RETIREMENT STRATEGY UP A NOTCH WITH EAGLE SELECT<sup>®</sup> FOCUS 5 FIXED INDEX ANNUITY

## Flexibility and growth potential to help you build momentum for retirement

When thinking about retirement, you likely have goals, and you know reaching them will take some preparation. So, how do you transition from “saving mode” into “safely growing your assets” mode?

Our **Eagle Select<sup>®</sup> Focus 5** is a **5-year fixed index annuity** that can help you protect the money you’ve saved, while providing ways to grow your assets — building momentum to live out retirement on your terms.

### 5 ways Eagle Select<sup>®</sup> Focus 5 can help you financially prepare for retirement:

- 1 Start at your own level**  
With no premium bands, minimum contracts can begin with consistent rates and as little as an initial premium of \$5,000, allowing you to build up your retirement savings at your own pace.
- 2 Benefit from choices and diversification**  
Select from multiple crediting strategies that allow you to diversify your retirement dollars and benefit from index increases — while your principal remains protected from market downturn.
- 3 Consolidate and accumulate assets**  
With the flexible premium feature, you can add more money to your contract when it works for you, with no minimum or maximum. That means your account can grow over time, compounding interest.
- 4 Stay protected when the unexpected happens**  
Through a rider that’s automatically included from day one, you have access to 100% of the contract value after year one if you’re confined to a qualified care facility or diagnosed with a terminal illness.
- 5 Access for non-natural persons or entities**  
If you’re a business owner, charity or trust, Eagle Select<sup>®</sup> Focus 5 can be a reliable option to help you protect and build your reserve dollars.

Eagle Select Focus 5 can help provide the stability you need to keep your hard-earned dollars protected while you continue to grow money to help you achieve the retirement you envision.
